## INTRODUCTORY.

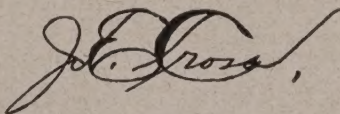

In this publication we have endeavored to give a complete list of newspapers in the State of Ohio, in connection with the recent publication of the Constitutional Amendments by the Department of Public Printing.

In the body of the pamphlet we have listed the Counties alphabetically and under each County we have given the cities and villages in that county together with the complete list of newspapers in each city.

In order to make this information more readily accessible to those unfamiliar with the various counties in which a municipality is situated, we have compiled an alphabetical index to the cities and villages which will be found on pages 5 to 15.

The pamphlet is issued to meet a constant demand for a publication of this kind on the part of officials and publishers throughout the state.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "J. E. Cross", with a long, sweeping flourish extending to the right.

*State Supervisor Public Printing.*
